

SAWO Cedar Premium Clears

Exclusive 100% Cedar Sauna Timber

This 138mm Full Cedar Paneling has been designed especially for Saunas. It has an extra-long tongue to never shrink exposing gaps. It has been oven cured for low moisture content. It has weather and moisture grooves so will work equally well in Sauna/Steam combination rooms. All Pre-cut to Sauna height for no waste

- *15% wider than standard TG&V**
- *40% thicker than standard TG&V**
- *Perfect front face on every board**

**Weather grooved
for stiffness and
also sauna/steam
combination
rooms**

**Extra long
tongue for easy
secret nailing
and guarantee
not to shrink
exposing gaps**

Technical: Panel Length 2100mm, 2400mm or 2700mm
Panel width 106mm
Panel coverage .92mm
Depth 13.8mm
Pack Size 9 boards per pack x .92mm coverage

QUICK GUIDE

1. Add measurement of all walls to measurement of ceiling i.e.
2. Divide by .092 will give you how many boards you require.
3. Divide by 9 (pack size)
i.e. A 2.0mtr long wall divided by .092 = 22 boards.
